## Granito Tile

Granito Tile has been developed from years of experience in producing exterior tiles. It passes standard tests from America (ASTM) and European Union (EN87). Its quality is internationally accepted for having low water absorption, Heavy duty usage, and being strong and durable which makes it suitable for exterior decoration. It is appropriate to be used in car parks and driveways in residential and hotel projects that require extreme luxury. Decorating along walls, whether in a classical or modern style creates unique exquisiteness and therefore accepted from architects worldwide.
